

Voyager Rear Assembly Trimming Information 05/01/2017

VOYAGER REAR ASSEMBLY

ATTENTION:

The Voyager Rear Assembly is designed for a stock Harley-Davidson motorcycle. Any after market parts may affect the fit of the Voyager Rear Assembly to the Voyager Kit.

For metric motorcycles, the Voyager Rear Assembly inside edges may have to be trimmed back to accommodate fenders, saddle bags, and/or mufflers.

(For motorcycles that we have installed a Voyager Rear Assembly on and know where it needs to be trimmed we will trim it before shipping out.)

You may want to take the Voyager Rear Assembly to a body shop that knows how to work with fiberglass to do the trimming.

Voyager Rear Assembly will be Trimmed before shipped out for bikes indicated

Trimmed at MTC	A1 300 Honda GL 1500 (1988-2000)
Trimmed at MTC	A2 302 Honda GL 1200 (1984-1987)
	A3 303 Honda GL 1100 (1980-1983)
