Bike Information and Sizes

A UNIT: Fits most cruiser motorcycles
B UNIT: Fits most touring motorcycles
C UNIT: Fits touring motorcycles with longer rear fender &/or wheel base
CW UNIT: Fits touring motorcycles with longer rear fender &/or wheel base & extra wide side bags
D UNIT: Fits cruiser motorcycles with longer rear fender &/or wheel base

A & D Unit: 55" outside dimension 36" inside fender width
(D Unit is 3" longer than the A Unit)
B & C Unit: 60" outside dimension 41" inside fender width
(C Unit is 3" longer than the B Unit)
CW Unit: 63" outside dimension 44" inside fender width

The frame size listed for each bike is recommended. A customer may choose to use a wider frame than listed if they intend to go to a larger bike in the future, but the wider frame will look wide on the bike that is intended for the narrower frame.

Bikes that have two size frames listed would choose which frame according to whether they have side tour bags on their bikes.

*** **NOTE:** Motorcycles with the bags that open to the side have limited opening ability when the Voyager Kit is installed. Honda Gold Wings, BMW R1200CL, BMW K1200LT only open half way, where as the Kawasaki Vulcan Nomad 1500 & 1600 only opens two inches. *** We now have modified hinges for the Vulcan Nomad 1500 & 1600 that allows the side of the bag to come completely off so as to access the bag. (Hinges for a Vulcan Nomad costs a \$100 more. A refund of \$100 given when old hinges are sent back to MTC, Inc.)

**** **NOTE:** BMW K1200LT 2006 and newer the hydraulic center stand has to be removed.

***** (Note: Voyager tail lights do not work on 2004 & newer Polaris Victory motorcycles unless tail light is changed to 12 volt & tail light adapter added)

***** (Note about Voyager Wiring harness)

2014-2016 H-D Motorcycles with integrated tail lights (Please inform us if you have the integrated tail lights) and ALL 2017 & newer H-D Motorcycles will only have brake and running lights, no turn signals, on the Voyager Tail Lights.

H-D WIRING HARNESS FOR

1997-2009 H-D DRESSERS
1997 & up SOFTAILS
2000-2003 SPORTSTERS

UNIVERSAL WIRING HARNESS FOR

2010 -2016 H-D DRESSERS (2014-2016 without integrated tail lights)
1996 & earlier H-D DRESSERS & SOFTAILS
1996 & earlier SOFTAILS

1999 & earlier, & '04 & up SPORTSTERS USE UNIV.

DO NOT SELL LIGHTS/WIRING FOR

2004 & up POLARIS VICTORY BIKES – WILL NOT WORK

(Note: Voyager tail lights do not work on 2004 & newer Victory motorcycles unless tail light is changed to 12 volt & tail light adapter added)

ALL OTHER MODEL BIKES USE UNIVERSAL

H-D WIRING HARNESS FOR integrated tail lights

2014-2016 H-D MOTORCYCLES WITH INTEGRATED TAIL LIGHTS
ALL 2017 & newer H-D MOTORCYCLES
(Will only have Brake and Running lights)
